## **PROJECTS**

### **Project - 1: - PORTFOLIO**

Designed and developed a personal portfolio website using HTML and CSS to highlight my skills, academic background, and projects. The site features a clean, structured layout with responsive design, ensuring it looks good on all devices. It serves as a central place to present my work and contact information in a professional manner.

### **Project - 2: - TRAVEL / TOURISM WEBSITE**

Developed a user-friendly travel website aimed at streamlining the process of trip planning and booking. The platform allowed users to explore destinations, compare travel packages, and book accommodations, flights, and tours. Implemented features like search filters, interactive maps, and a personalized recommendation engine using location-based services. Integrated secure payment gateways and provided multi-language support. The website also included a reviews section and a responsive design to ensure seamless use across devices.
